ABOUT ME

Passionate about web development and usually spends time studying new technologies. In my free time, I like to watch YouTube or gaming live streams. Occasionally, I enjoy dining out or playing sports with friends and family during holidays.

SKILLS

JavaScript React Vue Nodejs Docker sql

- ◆ Familiar with mainstream frontend frameworks and proficient in using Vue, React, etc. for web development.
- ◆ Skilled in Javascript and familiar with Typescript, with experience participating in large project constructions.
- ◆ Proficient in using Node.js to build APIs, familiar with server deployment procedures and automated script writing.

WORK EXPERIENCE

104 - Frontend Engineer

2022/01 - present

Work content

- ◆ Involved in the development of the HR MAX human resource management system, a software service for medium to large enterprises with thousands of users.
- ◆ Mainly responsible for the development of frontend components, while also involved in the development and maintenance of new features, backend APIs, and automated scripts.

Work achievements

- ◆ Improved the existing architecture by adopting a monorepo approach to integrate the common component library and new business projects, introduced typescript to add type hints for components and new projects, improving development efficiency, and adding documentation for components using Storybook.
- ◆ Improved and optimized frontend components, such as optimizing large data rendering for list components, improving operation behavior for tree and date components, and introducing multi-language support.
- ◆ Gradually adapted to the mobile end in a progressive way, and carried out small-scale reconstruction and optimization of the existing project UI.

跨界創新 - Frontend Engineer

2021/06 - 2022/01

- ◆ Involved in the development of an online ordering system product (Saas), <https://www.okshop.tw/>

InSynerger Technology - IoT Engineer

2020/06 - 2021/06

- ◆ Involved in IoT device application development, https://insynerger.com/insynerger-online-store_i-manager-智慧總管/

EDUCATION

2013.06 - 2016.06

Hwa Hsia University of Technology - Department of Mechanical Engineering
